Holiday 2023 Workshops

The following workshops are designed for a wide range of ages, so parent/child or grandparent/child participation is encouraged. Each hour long session is a complete class; each workshop will be offered multiple times on the same day and class fee is for one session, not all sessions that day. If anyone signs up for two sessions of the same workshop, we'll try to change up what they make as much as possible.

Pre-registration is required. Cost is \$35 per session.
